User Manual

Designed for Real-Life Snacking

• Six compartments let you pack a variety of snacks in one box—neatly separated.

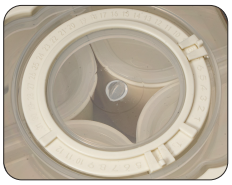

• The drain compartment keeps fruit fresh while reducing excess moisture.

• A built-in handle and insulated carry bag make it easy to take anywhere.

• Excellent insulation and large capacity helps keep food cooler for longer, comes with two carry styles.

• The rotating date dial lets you mark when food was packed for easy freshness tracking.

• Fill the ice pack with water up to the indicated fill line only. Do not overfill - water expands and may damage the ice pack.

⚠ WARNING!

- Inner lids are splash-resistant only and not watertight.
- Keep the box flat/upright. Do not carry sideways or upside down. Liquids may leak - use a leakproof container for soup/sauces.

Material & Food Safety

All snack box components, including lids, are made from BPA-free, food-grade materials.
